

# Berglund is pleased to announce the appointment of

## *Corey Zussman to Vice President of Quality Services*

**Chicago, IL - June 7, 2010** Berglund Construction, a Midwest leader in construction and recent honoree of Contractor of the Year by the Construction Advancement Foundation, announced today that **Corey Zussman, AIA, LEED AP BD+C** has been appointed **Vice President of Quality Services**. Mr. Zussman will work to build upon the firm's core principles of integrity, quality, and teamwork and will manage Berglund Construction's Quality and Safety Programs.

Berglund continues to dedicate itself to excellence in Safety and to provide the highest Quality level of craftsmanship. "Quality and Safety go hand in hand as part of Berglund's project approach", noted Fred Berglund, President Berglund Construction. "This is a clear initiative that aligns with our mission of delivering true value to our clients".

For 20 years, Mr. Zussman has made a commitment to quality construction and facade restoration in the Retail, Healthcare, Municipal and Commercial markets. As a licensed architect, his career has spanned from the position of Senior Associate for a mid-sized architectural firm to Director of Architecture and Construction Manager for a healthcare facility. His success as Berglund's Director of Quality has contributed to this promotion in which he will be responsible to:

- *Guide the leadership, design and implementation of the Quality Management Systems.*
- *Continually Assess and improve the effectiveness of the company's management systems, processes and standards.*
- *Visit jobsites to oversee and promote construction quality directives as a vital component of overall construction quality management.*
- *Provide expertise during the Preconstruction Phase of all Berglund projects as related to building envelopes and essential building components.*
- *Oversee the Safety Director and Safety Management Program.*

Mr. Zussman is a graduate of Illinois Institute of Technology (IIT) and holds a Bachelors of Architecture degree, with a minor in Construction Management. Corey has also obtained his MBA from IIT, specializing in Quality Management. He is a Licensed Architect in the states of Illinois, Wisconsin and Indiana, Member of American Institute of Architects (AIA) and NCARB Certified, LEED AP BD+C.

#### **ABOUT BERGLUND**

Berglund Construction is a third generation, family owned Construction Manager founded in 1911. In conjunction with its Restoration Division, the company takes pride in the ability to self perform key trades such as masonry, concrete, demolition, and carpentry. It maintains an office staff of more than 75 people and employs a field work force of 300+.
